Badminton High Yield Goat Mix

This tasty coarse mix has been formulated to meet the high standards demanded by goat keepers, whether they are caring for show animals, dairy or meat producers.

Features and Benefits

- Contains flaked barley, maize, peas, beans, soya; linseed and rolled oats to provide easily digested fibre and top quality protein.
- Fully balanced with vitamins and minerals.
- Fully traceable natural wholesome ingredients.
- Ideal for pregnancy, lactation and young kids.

Feeding Guide

- Feed as a supplement to grazing or conserved forage.
- In-kid/lactating goats feed 0.5-1kg/day.
- Other animals feed 0.5kg/day depending on quality of other feed.

Versatile Feed

- Mix 2:1 with cereals to produce a 14% protein ration, which allows goat keepers to utilise their own cereals, cost effectively feeding to both personal choice and the goats' preferences.

Have you tried **Badminton Lamb & Kid Milk?**

This highly nutritious milk powder is excellent for rearing replacements and fattening kids. It includes natural plant extracts to enhance growth.
